Experience

SEO Manager, US Digital Media, Inc.

March 2006 - Present

Have worked nearly every position within company including warehouse, customer service, copywriting, marketing, IT, and web. Currently running the company's Amazon store and heading up SEO efforts across 3 eCommerce sites. Extensive reporting experience using Google Analytics to measure traffic sources, keywords, conversions, and other key metrics.

Have also authored over 250 original posts for company blogs. Good with building and repairing Windows workstations.

Senior Features Editor, Generation: High Output

April 2012 - Present

Co-founded an automotive editorial site with three friends. Responsible for site administration and have authored over 150 original posts (w/photos) in addition to maintaining an active social media presence and tracking growth.

File Clerk, Body of Change, Inc.

May 2004 - December 2005

Worked here full time while attending college. Responsible for filing legal documents, data entry, and posting job openings online.
